

Allure Art Center

The Art Center is located in the heart of White Stone, VA and the Chesapeake Bay region. This location provides a very high visibility traffic location and is also served by a stop on the Triangle Trolley. The Art Center features a prime location with large wrap around porches with porch swings, Adirondack chairs and a large fairly secluded back yard with trees, flowers, back deck and seating areas.

Our mission is to provide a multifaceted venue for area artists and artisans to gain exposure, network, collaborate and further their craft and in turn enhancing our community. We hope that you consider joining and participating in this new venture.
